Section 1. Agreement

VUMI® Group, I.I. (VUMI®), hereinafter the “Company” or the “Insurer,” issues a group Policy in the name of the Contracting organization and undertakes to pay to the Policyholder of the corresponding Certificate of Coverage as a member of the group Policy, the benefits detailed in this Policy related to the covered expenses incurred by him/her or his/her eligible Dependents under his/her certificate, as a result of any treatment, service or medical supply anywhere in the world where the plan offers coverage, after the Effective Date of this Policy, while it is in effect.

All benefits are subject to the terms and general and particular conditions of this group Policy, including the applicable co-insurance, maximum benefits and the limits detailed in the Table of Benefits and the Certificate of Coverage which are an integral part thereof.

1.1 Right to examine the Policy

The Policyholder understands that this Policy is an international health insurance plan that is not subject to regulations and/or mandatory coverage required by the laws of his/her Country of Residence or other, therefore, it may not comply with coverage, underwriting, and other insurance regulatory provisions of the Insured’s Country of Residence. This insurance Policy is not subject to and does not provide certain benefits required by the United States Patient Protection and Affordable Care Act (PPACA). The Contracting Party or the Policyholder must review the terms of the coverage to verify he is/they are in agreement with the coverage offered, and otherwise request the cancellation of this Policy and return it to the Company within a fifteen (15)-day period after receiving it. If during that period no claims have been made, the Company will reimburse the total premium paid and the Policy will be null and void, as if it was never issued.

Reimbursement of the unearned premium

If the Contracting Party or the Policyholder cancels the Policy after the fifteen (15)-day reviewing period, or after being reinstated or renewed, the Company will reimburse the Contracting Party the unearned portion of the premium up to a maximum of sixty-five percent (65%) of the total amount of the premium. The administrative fees and a thirty-five percent (35%) retention by the Company will not be reimbursed. In case of rescission of the Policy, the Company will apply the premium

received to any payment made for a claim against the Policy.

1.2 Important notice about the Application for a Group Policy

This Policy is issued based on the statements provided in good faith by the Contracting Party and/or the participating members in the Application, and/or in the proposal agreed by all parties (“Application”) and the complete payment of the corresponding premium. The Company reserves the right to accept or reject any Application for group Policies.

If any of the information disclosed in the census of the Applicants or in the Application is false, incorrect, incomplete, had the intent of misleading or deceiving, or was omitted, resulting in worsening the risk, it may result in the cancellation or the modification of the Certificate of Coverage of the member involved in any of the aforementioned behaviors; or the entire group Policy may also be cancelled or rescinded, will have no effect, and the Company will not be responsible for any payments of the benefits offered under this Policy, releasing the Company of any responsibility for the payment of benefits stipulated hereunder, as the case may be.

Likewise, it is understood that it will result in the same aforementioned effect if a Provider or any other individual or entity who has rendered medical services to the Policyholder or any of the Insureds,

should submit false statements in collusion with the Contracting Party, the Policyholder and/or any of the Insureds with the purpose of claiming payments against this Policy, its sections and/or Amendments, the Policy would be at the discretion of the Company, rescinded or cancelled, will have no effect and the Company will not be responsible for any payments of the benefits offered under

this Policy.

Any payments made unduly by the Company as a result of an omission, incorrect disclosure or negligence by the Contracting Party, any of its Insureds, or due to an administrative error of the Company, shall be reimbursed to the Company at the first request.

Section 2. Coverage duration

The coverage has a duration period of twelve (12) months and could be renewed for the same period of time, as long as the Contracting Party fulfills its payment commitment of the established premium, subject to the previous analysis of the Contracting Party's claim history, which will be indicated at the time of renewal, as long as the Applicants meet the eligibility requirements, and subject to the terms,

conditions and other provisions of the Policy that are in effect at the time of renewal.

Start of coverage

The coverage starts one (1) minute after midnight (00:01) Eastern Standard Time on the Effective Date of this Policy, and ends at midnight (00:00) three hundred and sixty-five (365) days later.

Section 3. Eligibility

3.1 Eligibility requirements

The Contracting Party must meet the following requirements to be eligible to qualify for a Policy:

- A.** Be a legally incorporated entity;
- B.** Have a minimum of five (5) people working directly or indirectly full time or a minimum of thirty (30) hours per week;
- C.** The Member must be directly employed by the Contracting Party or meet the Community Plan and Associated Persons definitions;
- D.** The Member and eligible Dependents must reside outside of the United States of America (USA);

- E.** The Member's eligible Dependents are the Policyholder's Spouse or Domestic Partner, biological children, legally adopted children, and step children or minors to whom the Policyholder has been designated as legal guardian by a court of competent jurisdiction
- F.** Applicant Members must be under seventy-four (74) years old;

There is no limitation on this plan restricting it to employees or Associated Persons of the specific subsidiary only, except for those who permanently reside in United States of America (USA). This plan is not available for U.S. residents.

3.2 Enrollment period

Plan subscriptions are open for new Members

during the first thirty (30) days from their hiring date only. After the thirty (30)-day period, for new Members to be added to the contract of the group plan, and for Members who rescinded the plan to re-apply, a satisfactory proof of insurability must be submitted to the Insurer. The Insurer reserves the right to request additional information and/or modify the conditions of coverage for the Applicant. Subscriptions of established Members in the Contracting Party, must be supported by the appropriate documentation that verifies their eligibility to the plan, at the discretion of the Insurer, such as certification, payroll tax receipts from the Department of Labor of their jurisdiction, tax collector or any similar institution that proves eligibility to the plan. The Insurer will determine if the Application to add a Member must go through an individual medical evaluation and/or will be subject to a Waiting Period.

3.3 Effective coverage for eligible Dependents of the Policyholder (Member) (for an additional premium)

Coverage is available for the Policyholder's Dependent children until the day before they turn nineteen (19) years old if they are single, or until the day before they turn twenty-four (24) if they are single and full-time students at an accredited college or university at the time the Policy is issued or renewed.

The Company reserves the right to request, at any

moment during the term of the Policy, a student certification issued by a representative of the university. Additionally, there will be an adjustment of the premiums if any of the Dependents remains outside his/her Country of Residence for a period of more than one hundred and eighty-three (183) days during a calendar year.

If a Dependent child gets married, or ceases to be a full-time student, or if a Dependent Spouse is no longer married to the Policyholder due to divorce or annulment of the marriage, coverage for such Dependents will end on the Expiration Date of the Policy following the corresponding event.

3.4 Addition of a Newborn

To include a Newborn as an Insured Dependent in the Policy, the Company must receive a copy of the birth certificate within the first ninety (90) days of the birth.

If the Newborn is not enrolled within the ninety (90)-day period, an insurance Application will have to be completed. The Insurer reserves the right to request additional information and/or modify the conditions of coverage of the Applicant.

Newborns from a non-covered maternity or those resulting from fertility treatment do not qualify for automatic inclusion or coverage continuity. Therefore, a Request must be completed, and it will undergo by full medical underwriting.

Section 4. General information

4.1 Issuance of the Policy

The Policy is deemed solicited, issued and delivered when the Agent or the Administrator appointed by the Contracting Party receives the Certificate of Coverage.

The Company does not solicit, sell, or accept

Applications for any insurance policies to be delivered or issued to any person in any state of the United States.

The Policy, Add-ons and payment receipts may be sent to the e-mail address registered with the Company, unless the Policyholder or his/

her registered Agent selected another option in the Application or requested it later from the Company.

Any translations of this Policy into other languages are provided as a courtesy for the Insured's convenience. However, the English version will prevail and will be the controlling contract in case of any doubt or dispute regarding any provision of this Policy.

4.2 Authority

No Agent, agency, or Administrator of the Contracting Party has the authority to change the Policy or exonerate any of its provisions. After being issued, no change in the Policy will be valid, unless there is written approval by an authorized official of the Insurer and such approval is endorsed by an Amendment to the Policy. Any errors in the documents that constitute the contract does not bind the Insurer and may be corrected once detected, through an Amendment to the Certificate of Coverage.

4.3 Administrative errors

Any clerical error of the Company will not deny coverage that should have been approved and will not extend coverage that should have been terminated. The Company will amend the error and this action could entail, among other measures, the adjustment of the corresponding premium and, if necessary, the request for reimbursement of the amounts paid in error.

4.4 Entire contract

Once the premium has been paid on its due date, the following documents constitute the complete contract between the parties: the insurance Application, the proposal approved by the parties involved, the Policy Document, the Certificates of Coverage of the Insured and Add-ons or Amendments if any.

4.5 Currency

All currency values shown in this Policy are in U.S. Dollars.

4.6 Coverage start

Subject to the provisions of this Policy, benefits begin on the Effective Date of the coverage, as indicated in each Certificate of Coverage.

4.7 Delivery of medical information to the registered Agent or administrator of the Contracting Party

The Contracting Party, through its representative designated in the Application, by accepting the coverage that this corporate plan offers to its members and Dependents, expressly states that all Insured, understand and accept that the registered Agent may access all confidential and private medical information (past, present and future) submitted to the Insurer, any of its affiliates or subcontractors, as well as the private medical information issued by the Insurer.

The Contracting Party, therefore, accepts that the Insurer makes this information available to the Agent and/or administrator in order to facilitate the transfer of information on his/her behalf between the Insured and the Insurer during the claims process and/or provision of medical treatments that the Policyholder and any other Dependents covered under this Policy may receive. The Policyholder, therefore, grants his/her consent to the Insurer, Agent and/or administrator to access this information, acknowledging that the Insurer has no obligation to request his/her consent. On the contrary, the Insured, knowingly and voluntarily, requests granting such access to the information for the Agent and/or administrator in any manner that the Insurer chooses, at its sole discretion.

4.8 Notification of legal separation or divorce

In case of legal separation or divorce, the Policyholder must notify the Company within thirty (30) days of the event. The Dependent Spouse or Domestic Partner will have coverage until the end of the Policy year and subsequently the Company will offer his/her own Policy of the same plan and conditions as the previous Policy. The premium of

the new Policy must be paid within thirty (30) days of its Effective Date.

4.9 Medical notifications

Insured must notify the Company prior to receiving those medical services that require notification or pre-authorization, pursuant to Section 9.1 of this Policy, by calling the telephone number or through the e-mail listed on the back of their ID card. If the Policyholder and/or Insured fail to notify the Company accordingly, they will be responsible for thirty percent (30%) of all covered costs. This penalty will only apply for claims above US\$500.

4.10 Claims

Claims or invoices related to expenses covered under this Policy must be submitted to the Company within a period of one hundred and eighty (180) days after the date of service for them to be eligible for coverage.

Claims or invoices received after the aforementioned deadline, will not have coverage, even if they would have been authorized or the charges were payable under this Policy.

4.11 Medical records

The Policyholder, because of the underwriting and/or claims process, must provide the Company with all the medical information required. Additionally, the Policyholder, as well as his/her Dependents, must authorize the Company to obtain any medical report, documentation and/or access to the patient in case deemed necessary to complete the underwriting or claim process, as the case may be. Otherwise, the claim could be denied until the necessary information and authorizations are received.

4.12 Coverage under another insurance/coordination of benefits

If another group health insurance has been contracted, including government-sponsored programs, these should be declared at the time of purchase or when the original Application is completed. In the event of a claim, a verification of

coverage and a copy of the itemized invoices must be submitted, along with the settlement of the expenses paid by the other insurer (Explanation of Benefits).

The coverage under this Policy will act as secondary to any other Policy or healthcare plan. The Company will provide benefits after the claims have been submitted to the primary insurance plan first, and only when benefits payable under the primary Policy have been satisfied. When filing a claim subject to coordination of benefits, proof of the other insurance coverage must be submitted along with copies of the medical records, the itemized invoices, Explanation of Benefits (EOB) of the primary insurer, as well as proof of the payments made by the other insurance company.

The total amount of payments is not to exceed the total of the expenses incurred; the Company shall not pay any amount reimbursed by the other company.

4.13 Cancellation or non-renewal of the Policy or of an Insured Certificate of Coverage

The Insurer, at its sole discretion, may modify, cancel, not renew, or terminate this Policy or a Member's certificate, or modify the rates thereof, when any of the following conditions are present:

- A.** The information disclosed in the Application is false, incomplete or when fraud has been committed, any of which may have caused the Company to approve the Policy when, had the Company been provided with the correct information, it would have issued the Policy under certain conditions or would have deemed that the Applicant was a non-insurable person;
- B.** The Contracting Party requests the cancellation of the coverage in writing or doesn't pay the premium as stipulated in this Policy;
- C.** The Insured submits a claim or information

deemed fraudulent by the Company. In the event of such fraud, the Insured shall be responsible and will have to reimburse the Company for any payments made in reference to the claim in question, whether the payment was made in the form of a reimbursement to the Insured or directly to the Provider;

- D.** The marital status of the Policyholder changes due to divorce or separation in case of Domestic Partners. The Insured should notify the Company within thirty (30) days of the date of the divorce or separation. Coverage for the Dependent Spouse will cease at the end of the Policy year;
- E.** The organization is incorporated or the Insured lives in a country that is under embargo or sanctioned by the Office of Foreign Assets Control (OFAC) in the United States or similar entities in the European Union and the United Kingdom, or if an Insured is in any of the lists of persons sanctioned by OFAC or similar entities or asset control agencies in other jurisdictions; or
- F.** The Insured spends more than one hundred and eighty-three (183) days out of a three hundred and sixty-five (365) day period in the United States or any of its territories.

The early cancellation of the Policy shall be without prejudice to the rights of the Contracting Party and its Insured. The Insurer will only be responsible for the payments of covered expenses under the terms of this Policy, incurred prior to the cancellation date. Any treatment incurred after the cancellation date of the Policy will not be covered regardless of when the Illness or Accident first appeared, or if any additional treatment is required.

A Contracting Party may request the cancellation of a Member's Certificate of Coverage in writing with at least 15 days' notice. The Insurer reserves the right to request documentation verifying the

reason for termination, which may include but is not limited to:

- The Member is no longer employed by the Contracting Party or no longer meets the Community Plan and Associated Persons definitions.
- The Member relocates to a country where they can no longer use the plan.

4.14 Fraud

If, in case of fraud or deceit, any of the Insured of the Contracting Party tries to or obtains benefits for him or herself or for another person that otherwise would not have been paid, his/her individual Certificate of Coverage will be automatically cancelled by the Insurer. In this sense, the existence of fraud will result in the Policyholder of a Certificate of Coverage and his/her Dependents to automatically lose all rights of coverage under this Policy. Additionally, in the event of fraud, the Policyholder will be immediately liable to the Insurer for all payments made improperly by the Company to the Insured or directly to the Provider of any benefits under this Policy. In these cases, there will be no right of reimbursement of the unearned premium of the Insured's Certificate.

4.15. Change of plan

Before the Anniversary Date, the Insured can request to change his/her current plan to any other plan, available in the Insured's geographic Region.

To be eligible to a mid-term change you cannot have submitted claims in the current plan.

For changes within core plans* (Standard, Premium and Premium Plus) the following rules applies:

- A.** If the change is for a plan with lower benefits , the change will be automatic.
- B.** If the change is for a plan with higher benefits,

it will be subject to a waiting period.

As a general rule, any change with an improvement of benefits, will be subject to a waiting period.

The benefits that did not exist in the previous plan must meet the corresponding Waiting Periods.

The Company reserves the right to accept or deny the change of plan for any reason.

Section 5. Rates and premium payments

5.1 Premium payment mode

This Policy is considered an annual Policy. The premium can be paid monthly, annually, semi-annually, quarterly or according to the payment mode established by the Company. Changes in payment mode will be made only on the Policy Anniversary Date.

5.2 Grace Period

The Company grants a thirty (30)-day Grace Period to pay the annual renewal premium of the Policy, which begins the day after the Expiration Date of the Policy, according to the selected payment mode. If the premium is not paid within the Grace Period, the Insurer will terminate the Policy at 23:59 on the last day for which the premium had been paid. If the full premium is not received by the Company before the Grace Period ends, this Policy shall be deemed expired as of its Expiration Date. During the Grace Period, no benefits or payments will be provided for expenses incurred after the Expiration Date. If the premium is paid during this period, the Policy will be renewed.

5.3 Premium payment

The on-time payment of the premium is the responsibility of the Contracting Party. The premium is payable on the Renewal Date of the Policy. Payment of the premium keeps the Policy current for the time such payment corresponds. The premium paid in excess will not grant additional responsibility for such excess, but only and exclusively to the refund of such premium paid in excess, without interest. The difference

will be refunded by the Insurer in the same form of payment in which it was received.

Failure to pay the premium within the agreed period, or at the time when it becomes due, will entitle the Insurer to unilaterally and fully void this Policy as hereby established.

5.4 Payment notices

The premium is payable on the Expiration Date of the Policy. Renewal notices are issued as a courtesy and the Company does not guarantee delivery. If the Contracting Party does not receive a payment notice thirty (30) days before the Expiration Date, and the Contracting Party does not know the premium amount, it must contact the Agent or the Insurer. The collection efforts of the premium made by the Insurer does not imply the resignation of the Company of its right to terminate this Policy for lack of payment. Failure to pay the renewal premium on or before the Expiration Date will be interpreted as the expressed will of the Contracting Party to not renew this Policy.

5.5 Rate changes

The Insurer reserves the right to change the premium rates on the date of each anniversary of this Policy, according, to the inflation of medical costs and/or the loss ratio of the group.

5.6 Premium reimbursement

If the Contracting Party or the Insurer cancels or rescinds the Certificates of Coverage of this Policy for any of the Insureds, the Insurer will reimburse

the unearned portion of the corresponding premium to said Insured of the Contracting Party, following the provision 1.1.

If the Contracting Party requests the cancellation

of the Policy to the Insurer, or the latter cancels the Policy for any reason other than fraud, the Insurer will reimburse the unearned portion of the premium to the Contracting Party, up to a maximum of sixty-five (65%) of the premium.

In some cases, the UCR amount will be determined by direct contracts between the Providers and the Company.

Benefits covered at one hundred percent (100%) are subject to Usual, Customary and Reasonable costs. It should not be understood that they will be covered for the total amount of the invoice submitted.

Waiting Period

A period of time defined by the Company during which the coverage of some benefits is excluded.

Section 9. Management of the Policy

9.1 Notifications and/or pre-authorizations

It is recommended that the Insured notifies the Company when receiving medical treatment, be it in the Hospital or as an outpatient. This will give the Company the opportunity to verify the terms and conditions in which the treatment will be covered, as well as improve and maximize the level of coverage available to the Insured, make suggestions about the best places for his/her care, provide logistical support and, whenever possible, make arrangements to establish direct payment to the Hospital or Doctor of choice, thereby reducing the possibility that the Insured will have to incur an unexpected or excessive out-of-pocket expense.

In order to guarantee direct payment and the coordination of benefits, notification is required. Therefore, the Insured must notify the Company in advance and obtain the necessary authorizations for any of the following benefits:

- A. All Hospital admissions;
- B. All Hospital or outpatient surgeries;
- C. Any major procedures, such as MRIs, CT scans, PET scans, gastroscopies, colonoscopies, biopsies, etc.;
- D. Physical and rehabilitative therapy, home health care or Private Nurse or Therapist;
- E. Nasal or reconstructive surgery;
- F. Emergency transportation by Air Ambulance;
- G. Durable Medical Equipment or any special medical device; and
- H. Repatriation or cremation of mortal remains.

The Insured must notify the Company at least seventy-two (72) hours prior to receiving those medical services that require notification or pre-

authorization. The Company must also be given notice of all medical Emergencies that require notification within seventy-two (72) hours after the event that caused the Emergency. If the Policyholder and/or the Insureds fail to notify the Company accordingly, they shall then be responsible for thirty percent (30%) of all covered costs.

All notices and other necessary communication between the parties will be sent in writing by mail or electronic means of communication and will be considered valid with the receipt confirmation of the information by the recipient. In case of notifications sent by other means of communication, a confirmation receipt of the information sent via email will be required indicating the date of reception.

In case of Emergency or any questions related to the provision of the services, the Company has the following contact information available for the Contracting Party and its Insureds:

- Email address: rhpreapproval@safetywing.com
- Phone number: +1.214.276.6376

9.2 Claims

The Company, in most cases, will make payments directly to physicians and Hospitals worldwide in legal currency for covered expenses, pursuant to the terms and conditions of the Policy. When this is not possible, the Company will reimburse the covered costs to the Insured in accordance with the applicable Usual, Customary and Reasonable (UCR) fees or the contracted rates between the Company and the Provider.

In no case will the compensation amount exceed the amount billed. If the Insured receives compensation that exceeds the invoice amount by mistake, the Insured will be obligated to immediately return the excess amount to the Company, or the Company will deduct the outstanding balance from any other amount pending to settle with the Insured.

The Company shall receive all medical and non-medical information required. In order for the claims process to begin, the Company must receive the following information:

- A.** Claim Form duly completed;
- B.** All itemized bills from the Provider detailing the services rendered, along with proof of payment;
- C.** A recent medical history or any other medical information that the Company may consider pertinent;
- D.** For pharmacy expenses, a copy of the medical prescription;
- E.** In the event of an Accident, the Insured must submit all information related to said Accident, as well as the circumstances surrounding it, pursuant to what is required by the Company. This includes, but is not limited to Accident reports, police reports or others, when issued by the pertinent authorities or any other information available from any other third parties involved in the matter;
- F.** Declare any other medical insurance coverage the Insured may have when submitting a claim.

When simultaneously submitting multiple claims for reimbursement from different Insureds, the expenses for each Insured, Accident, Illness and/or Provider must be divided into single Insureds and events. Once the claim process has been initiated, the Insured must send all the information requested by the Company to complete the process in a period of no longer than ninety (90) days from the first request by the Company. Once this period has elapsed without receiving the requested information, the claim will not proceed and the Company will be relieved of any obligation.

Once the complete information is submitted, the turnaround time for reimbursement to the Insured

will be fifteen (15) business days.

If the information provided should be considered inadequate or is incomplete, it may create a delay in the payment or reimbursement process, or it may cause the claim to be temporarily closed until the necessary information is received within the stipulated time limit. The Company reserves the right to request the original receipts, medical records and/or any other relevant documentation in order to process the claim. The Company will not return original documentation received to process a claim; however, it may offer a copy of such documentation when requested. In the event that a claim that should have been denied because coverage was excluded from the Policy has been paid in error, the Company will not be obligated to continue paying for the expenses of treatments or services related to such claim from the date of the identification of the error, and may request the reimbursement of the amounts unduly paid.

The Company will not be responsible for any fees charged by the receiving bank, such as commissions for currency exchange or for incoming wire transfers. These charges will be the responsibility of the recipient of the payment.

9.3 Claims appeals

In the event of any disagreement between the Insured and the Company regarding a claim or administrative decision, before any other action is taken, the Insured must begin an appeal about the claim or decision to the Company's Appeals Department for review and analysis. The appeal must be submitted within a period of no more than ninety (90) days from the date the administrative decision on a claim was made.

The Insured must submit a letter appealing the claim to **appeals@safetywing.com**. Said letter must include all relevant information, as well as copies of all documents considered necessary to re-evaluate the decision made.

The Company's Appeals Department will review

in detail the arguments and information provided and will notify its decision to the Insured in writing within thirty (30) days following receipt of the appeal letter along with all pertinent information and/or documentation. During the process, the Company's Claims Department will have the right to request additional information or documentation from the Insured or the Providers, third parties or entities, if deemed necessary, to accurately evaluate the arguments of the appeal.

Second instance of appeal

Once the Claims Department has notified the Insured of its decision, the Insured will have the opportunity to express his/her opposition to that decision within ten (10) days from the date of the notification. If the Insured has new documentation, he/she may request a second and final review of the case. The Company must respond to this second request within the next fifteen (15) business days. The decision in this last instance will be final and not subject to appeal.

9.4 Arbitration and legal actions

Any dispute, controversy or claim arising out of or relating to this contract, including the formation, interpretation, breach or termination thereof, including whether the claims asserted are arbitrable, will be referred to and finally determined by arbitration in accordance with the JAMS International Arbitration Rules.

The place of arbitration will be in Miami, Florida. The language to be used in the arbitral proceedings will be English. Each party will bear its own fees and costs (including all Arbitration Costs, as that term is used in the JAMS International Arbitration Rules) incurred in connection with any dispute subject to this provision. Judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

Governing law

This agreement shall be governed by and construed in accordance with the law of Florida,

excluding Florida's choice of law rules.

WAIVER OF JURY TRIAL

THE PARTIES HEREBY KNOWINGLY, INTENTIONALLY AND IRREVOCABLY WAIVE ANY AND ALL RIGHT TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR IN ANY WAY RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREIN.

9.5 Subrogation and indemnity

The Company has the right of subrogation or reimbursement of payments made if the Insured has recovered all or part of said payments from a third party.

The Company will subrogate up to the amount paid, under all its rights and actions, against third parties that, due to the damage suffered, the Insured is entitled to. The Policyholder shall have the obligation to cooperate with the Company to recover from the damage caused by third parties or to obtain reimbursement of the expenses covered by it.

Failure to comply with this obligation entitles the Company to consider cancelling this Policy. The required cooperation includes, but is not limited to providing all relevant documentation or testimonial evidence and undergoing medical examinations, if necessary. The Company may make any claim on his/her behalf, before or after having made payments for expenses covered under this Policy.

The Policyholder must refrain from taking any action, reconciling or accepting agreements that may adversely affect the Company's subrogation rights in accordance with the provisions of this article. Any claim action initiated by the Insured in relation to damages that were covered by this Policy must be notified immediately to the Company, in order to assert its subrogation rights on any payment related to the expenses covered by the incident that originates the claims.

Section 10. Language

English is the prevailing language in case of any discrepancy with the provisions of this Policy. Other languages may be used at the request of the Contracting Party in all

communications, reports, correspondence, specifications and calculations of the Company, as well as in the invoices presented to the Contracting Party.

Section 11. Agreement

This contract constitutes and encompasses a complete agreement regarding matters or concerns regulated herein, and will prevail or

revoke any previous agreements between the parties related to the service, either verbal or written, implied or explicit.

Section 12. Amendments

In the event of any conflict between this contract, its appendices and/or addenda, the provisions contained in the corresponding appendix and/or addendum will prevail, as long as they are not inconsistent with the provisions contained in this contract in terms of liability.

of any doubt or dispute regarding any provision of this Policy.

5.4 Coverage for Pre-existing Conditions

The company will not be responsible for any claim related to Pre-Existing Conditions: a condition which was diagnosed by a physician prior to the Effective date of this policy or its reinstatement; or for which medical advice or treatment was recommended or received by a physician; or for which symptoms and signs presented and, had a physician been consulted, a diagnosis of an illness or medical condition, or specific treatment, would have been received. Any disease related directly or directly to the use of tobacco products or body mass index outside the normal range, overweight is considered or considered a contributing factor to a health condition will not be covered under this policy.

If the Insured dies as a result of a Pre-existing medical Condition that was disclosed in the application, the death benefit may be compensable, unless it has been permanently excluded by the Company. If the Insured dies as a result of a Pre-existing Condition that was not declared, its omission will lead to non-payment of the death benefit.

The Company, at its sole discretion, may modify, rescind, cancel, or not renew the Insured's Policy due to the omission of a Pre-existing Condition on any particular Certificate of Coverage.

5.5 Request changes in coverage

At the time of the Anniversary Date, the Insured, through the Policyholder or Contracting organization, can request to change the covered amount.

The Company reserves the right to accept or deny any change.

Insureds over forty-five (45) years of age must get the medical exams required by the Company at the time of the change request. The exams must

be performed in one of the preferred Providers designated by the Company and the Company will cover the costs of the required exams.

The Application must be submitted to the Company and the Insured must satisfy the eligibility requirements on the date of the application and at the time of renewal.

If the Insured requests a change, the Company may require new evidence of insurability. The premium amount for the Insured for the new coverage will be based on the corresponding rates of the Company at the time of the requested change.

If the Company approves the Insured's request, the new coverage will take effect on the Effective Date of the change approval.

5.6 Payment mode

Premiums can be paid annually, semi-annually, quarterly, according to the option chosen by the Policyholder or Contracting organization for the payment of the group insurance Policy premium. Payment mode changes will be made only on the Anniversary Date of the Policy.

The premium is due on the Expiration Date of the Policy. Renewal notices are issued as a courtesy and the Company does not guarantee delivery.

Payment of the premium is the responsibility of the Policyholder or Contracting organization, and if the payment notice has not been received, they must contact the Company or his/her registered Agent.

5.7 Grace Period

The Company grants a thirty (30)-day Grace Period to pay the premium corresponding to the Policy, which begins the day after the Expiration Date, according to the selected payment mode.

If the full premium payment is not received by the Company before the Grace Period ends, this

Policy shall be deemed expired. If an event occurs during the Grace Period, the unpaid premium amount will be deducted from the benefit payable.

5.8 Rate changes

The Company reserves the right to change the rates of this Policy on the date of each anniversary.

5.9 Policy reinstatement

This Policy may be reinstated when a new group application is submitted for evaluation. The Company may consider a Policy reinstatement if:

- A.** The Policy lapsed;
- B.** The Policyholder or Contracting organization applies within twelve (12) months of the date the Policy lapsed;
- C.** The Policyholder or Contracting organization and its Employees are still insurable based on the Company's eligibility criteria; and
- D.** All eligible applicants are alive at the time of application, and continue to be alive on the date the Policy is reinstated.

The Company reserves the right to approve or reject an application. The Company will not reinstate the Policy or any particular Certificate of Coverage,

if the Policyholder or Contracting organization or any particular Insured has canceled it.

5.10 Clerical errors

Any clerical error of the Company will not deny coverage that should have been approved and will not extend coverage that should have been terminated. The Company will amend the error and this action could entail, among other measures, the adjustment of the corresponding premium.

5.11 Participation rights

This Policy is a non-participating insurance contract. It does not entitle the Policyholder or Contracting organization and/or the Insured to receive dividends from the surplus or profit declared by the Company.

5.12 Conversion

The v and/or the Insured cannot convert this insurance Policy into a permanent insurance or any other type of insurance policy.

5.13 Cash value

This insurance Policy has no cash value and does not permit the Policyholder or Contracting organization and/or the Insured to obtain paid-up or extended insurance.

Section 6. Benefits and provisions

Subject to all provisions contained in this Policy, benefits payable will be:

- A.** The death benefit amount;
- B.** The accidental death benefit amount (minus any dismemberment benefit previously paid), if any.

The insurance benefit will be granted only in case of death of the insured, or in case of dismemberment. However, it is important to clarify

that a death benefit will only be paid in the event of death, and double compensation is not applicable in situations of dismemberment and death.

In the event that the insured survives an accident and experiences the loss of one or more limbs, only the benefit corresponding to a single loss of limb will be paid. It is important for the insured and his beneficiaries to understand that, in situations of dismemberment without death, the coverage is limited exclusively to the loss of an affected limb

and does not accumulate with other coverages; therefore, this benefit is not considered an additional payment

6.1 Death benefit

In the event of the death of the Insured, the Company will make a lump sum payment to the Beneficiary indicated by the Insured to the Policyholder or Contracting organization, or to the legal Beneficiaries if there is none.

A legally and properly executed Will covering inheritable property usually takes precedence over next-of-kin inheritance rights. The death benefit from this Policy will go to the Beneficiaries designated by these documents, regardless of next-of-kin relationships or even Will bequests.

The benefit payable will be determined according to the term life insurance coverage selected at the time of application, and listed in the Certificate of Coverage, as long as the cause of death is a result of a condition not excluded by this Policy.

The Insured may choose one (1) or more Beneficiaries. If any of the Beneficiaries is a minor, then, a Power of Attorney will be required. The Insured may request a change of the Beneficiary at any time. This request must be in writing on a form that is approved by the Company.

The Beneficiary or Beneficiaries were indicated by the Insured to the Policyholder or Contracting organization. If the information is incorrect, the Insured must contact his/her Policyholder or Contracting organization to request changes.

6.2 Accidental Death and Dismemberment (AD&D) benefit

In the event of the accidental death of the Insured, the Company will make a lump sum payment of one hundred percent (100%) of the death benefit amount to the designated Beneficiary. The accidental death benefit amount will be reduced by any accidental dismemberment benefit paid. Any subsequent benefit will be determined by using the reduced amount. The dismemberment benefit amount paid to the Insured, will be determined by the type of Loss and percentage

shown below. The amount will be included in the Policy proceeds payable.

ACCIDENTAL DEATH	
Loss of life	100%
ACCIDENTAL DISMEMBERMENT (WITH OR WITHOUT ATTACHMENT)	
Loss of the entire sight of both eyes	100%
Loss of both hands	100%
Loss of both feet	100%
Loss of one hand and one foot	100%
Loss of one hand and the entire sight of one eye	100%
Loss of one foot and the entire sight of one eye	100%
Loss of the entire sight of one eye	50%
Loss of one hand or one foot	50%

In no case will the compensation amount exceed the Insured's Accidental Death and Dismemberment (AD&D) benefit amount, and payment will be made only one (1) time as the result of a single Accident. The Company must receive proof that the Insured's accidental death or dismemberment:

- A.** Was directly caused by an Accident covered by this Policy;
- B.** Occurred within ninety (90) days of the Accident; and
- C.** Occurred while coverage was still in effect.

6.3 Accelerated benefit option

If the certificate holder becomes terminally ill with a life expectancy of twelve (12) months or less, he/she or a legal representative has the option to request the Company an accelerated benefit of up to eighty percent (80%) of the death benefit before the Insured's death. The Company will only pay for an eligible accelerated benefit option benefit once.

- A.** A completed accelerated benefit claim form;

- B.** A signed physician's certification of the Insured's terminal illness; and
- C.** The Company reserves the right to request an examination by a physician of its choice and/or a Second Medical Opinion VIP® coordinated by the Company. If there is a conflicting opinion with the Insured's physician, the Company

reserves the right to have a third physician of its choice make the final determination.

If the Insured chooses to use the accelerated benefit option before his/her death, after receiving the payment of the benefit by the Company, such payment shall constitute the full settlement of the Insured's life insurance under the group Policy.

Section 7. Exclusions

The Company will not pay the benefits for the death, Accidental Death or Dismemberment (AD&D) of the Insured if his/her death or Accident results directly or indirectly from, or is caused or contributed to by:

- A.** Participating in war or an act of war, whether declared or undeclared;
- B.** Actively participating in an insurrection, rebellion, riot or terrorist act;
- C.** Being an active member of the police force, the army or other military force of any country;
- D.** Being a Politically Exposed Person (PEP);
- E.** Engaging in any activity that constitutes a felony under the laws of the jurisdiction in which the activity occurred;
- F.** Self-inflicted Illnesses or Injuries, whether the individual is sane or insane; suicide; or failed suicide;
- G.** Addictive conditions of any type; alcohol abuse; drug use or abuse; use of narcotics or Illicit Substances, or illicit use of controlled substances or medication; or being under the influence of alcohol or drugs (legal or illegal);
- H.** Traveling or flying in any aircraft, except when the Insured is a fare-paying passenger on a regularly scheduled charter or commercial flight;
- I.** Any Pre-Existing Condition;

- J.** Any declared epidemic, pandemic and/or COVID-19 related Illness;
- K.** Participating in Hazardous Hobbies and Sports, such as parachuting or otherwise exiting from a motorized or non-motorized aircraft while such aircraft is in flight, except for self-preservation; riding in or driving any motor-driven vehicle in a race, stunt show or speed test; any semi-professional or professional competitive athletic activity for which any type of compensation or remuneration is received; bungee jumping, base jumping, hang gliding, sail-gliding, para-kiting, scuba diving deeper than one hundred and thirty (130) feet; spelunking; or mountaineering*, including rock climbing using ropes and any other climbing equipment; and
- L.** For Accidental Bodily Injuries, infections not occurring as a direct result or consequence of the Injury or disease.

*For the purposes of this exclusion the term mountaineering does not include backpacking, mountain biking, hiking or trail running. The examples provided above have an enunciative not limitative character to any other risk activities the Insured practices.

The company will not provide coverage to persons working in any of the following activities or industries, which are considered high-risk and non-insurable activities:

- Security;
- Arms sales and production;
- Active members of police, firefighters, military;
- Aviation;
- Mining and quarry workers;
- Oil and natural gas;
- Electric powerlines construction; or
- Construction workers.

The Company reserves the right to evaluate

professions that are considered high-risk and non-insurable.

The Company shall not be deemed to provide coverage and shall not be liable to pay any claim or provide any benefit hereunder to the extent that the provision of such coverage, payment of such claim or provision of such benefit would expose the Company to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, the United Kingdom or the United States of America.

Section 8. Management of the benefits

8.1 Medical information: privacy notice

The Company handles the privacy and confidentiality of the personal information of its Insureds with strict adherence to the laws and regulations in force on the matter. All confidential information will be protected in the Company's offices and by the available electronic means, which have all the security guarantees.

It is understood that the Insured, by signing the application, has given his/her consent for the use of said information when necessary, in order to comply with any contract or agreement for the provision of services, including to his/her registered insurance Agent or when required by law or the procurement or administration of justice.

8.2 Claims

The Company shall receive all medical and non-medical information required for the claim process to begin:

- A.** Claim Form duly completed. If there is more than one (1) Beneficiary, each Beneficiary must submit a Claim Form in order to receive payment. The Company will make separate payments to each of the Beneficiaries;

- B.** The Insured's certified death certificate as proof the Insured died while his/her coverage was still in effect;
- C.** A recent medical history or any other medical information that the Company may consider pertinent that indicates the cause and circumstances of the Insured's death;
- D.** If the Insured died in an Accident or has any Accidental Loss covered under this Policy, all information related to said Accident, as well as the circumstances surrounding it, pursuant to what is required by the Company. This includes, but is not limited to an attending physician's statement, autopsy reports, toxicology reports, Accident reports, police reports or others, when issued by the pertinent authorities, or any other information available from any other third parties involved in the matter;
- E.** Proof indicating the Insured's age or date of birth; and
- F.** Proof confirming the Beneficiary's right to receive the death benefit payable.

Once the claim process has been initiated, the person submitting the claim must send all the information requested by the Company to complete the process in a period of no longer than one hundred and eighty (180) days from the first request received by the Company. Once this period has elapsed without receiving the requested information, the claim will be put on hold until the Insured or Beneficiary(ies) complete the required information.

If the information provided should be considered inadequate or incomplete, it may create a delay in the payment process, or it may cause the claim to be temporarily closed until the necessary information is received. The Company reserves the right to request the original medical records and/or any other relevant documentation in order to process the claim. The Company will not return original documentation received to process a claim; however, it may offer a copy of such documentation when requested. The Company will not be responsible for any fee physicians may charge to complete or provide certain forms.

Before the Company pays the death benefit, the Insured's date of birth must be verified. If the date of birth provided on the census during the application process is incorrect, the Company will adjust the death benefit to the amount that would have been payable based on the premiums paid and the correct date of birth. If the Insured was not eligible for insurance based on his/her true age, coverage will be voided and the Company will reimburse the total premiums paid by the Policyholder or Contracting organization, without adding any interest.

In the event that a claim that should have been denied because coverage was excluded from the Policy, has been paid in error, the Company may request the reimbursement of the amounts unduly paid. If a payment is made, the Company will not be responsible for any fees charged by the receiving bank, such as commissions for currency exchange or for incoming wire transfers. These

charges will be the responsibility of the recipient of the payment.

8.3 Claims appeals

In the event of any disagreement between the Policyholder or Contracting organization, Insured or Beneficiary and the Company regarding a claim or administrative decision, before any other action is taken, the Policyholder or Contracting organization, Insured or Beneficiary must begin an appeal about the claim or decision to the Company's Appeals Department for review and analysis. The appeal must be submitted within a period of no more than ninety (90) days from the date the administrative decision on a claim was made.

The Policyholder or Contracting organization, Insured or Beneficiary must submit a letter appealing the claim to **appeals@safetywing.com**. Said letter must include all relevant information, as well as copies of all documents considered necessary to re-evaluate the decision made.

The Company's Appeals Department will review in detail the arguments and information provided and will notify its decision to the Policyholder or Contracting organization, Insured or Beneficiary in writing within thirty (30) days following receipt of the appeal letter along with all pertinent information and/or documentation. During the process, the Company's Claims Department will have the right to request additional information or documentation from the Policyholder or Contracting organization, Insured or Beneficiary or the Providers, third parties or entities, if deemed necessary, to accurately evaluate the arguments of the appeal.

Second instance of appeal

Once the Claims Department has notified the Policyholder or Contracting organization, Insured or Beneficiary of its decision, the Policyholder or Contracting organization, Insured or Beneficiary will have the opportunity to express his/her opposition to that decision within ten (10) days from the date of the notification. If the Policyholder or Contracting organization, Insured or Beneficiary

has new documentation, he/she may request a second and final review of the case. The Company must respond to this second request within the next fifteen (15) business days. The decision in this last instance will be final.

8.4 Arbitration and legal actions

Any dispute, controversy or claim arising out of or relating to this insurance Policy, including the formation, interpretation, breach or termination thereof, and including whether the claims asserted are arbitrable, will be referred to and finally determined by arbitration in accordance with the JAMS International Arbitration Rules. The parties reserve the right to object to the intervention of any individual employed by or affiliated to a competing organization or entity.

The seat of the arbitration will be New York City, NY. The language to be used in the arbitral proceedings will be English. Judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof. In any arbitration arising out of or related to this insurance Policy, the arbitrator may not award any incidental, indirect or consequential damages, including damages for lost profits.

The parties shall maintain the confidential nature of the arbitration proceeding and the award, including the privacy of the hearing, except as

may be necessary to prepare for or conduct the arbitration hearing on the merits, or except as may be necessary in connection with a court application for a preliminary remedy, a judicial challenge to an award or its enforcement, or unless otherwise required by law or judicial decision.

In any arbitration arising out of or related to this insurance Policy, the arbitrator shall award to the prevailing party, if any, the reasonable costs for legal representation incurred by the prevailing party in connection with the arbitration. If the arbitrator determines a party to be the prevailing party under the circumstances where the prevailing party won on some, but not all of its claims and counterclaims, the arbitrator may award the prevailing party an appropriate percentage of the reasonable costs for legal representation incurred by the prevailing party in connection with the arbitration.

Governing Law

The parties agree to grant to the State and Federal courts located in the borough of Manhattan, County of New York, State of New York (or if there is exclusive federal jurisdiction), exclusive jurisdiction and venue over any disputes, action or proceedings arising out of or in connection with this insurance Policy involving the parties, and the parties hereby consent to the jurisdiction of such courts.
